Accuracy and Comprehension Assessment

1. What does Gail want to be? (Main/Literal)

2. What animals does Gail want to see? (Details/Literal)

3. Where would Gail go to see penguins? (Setting/Inferential)

4. How would you describe Gail to a friend?
(Character/Inferential)

5. What other animals do you think Gail would like to see?
(Infer/Critical)

My name is Gail.

I want to be a news reporter when I grow up.

Do you know why?

I like animals.

I want to go to Africa and see the elephants clomping around.

Maybe I'll spy a python or two.

I would like to sail on a big boat at sea and watch the dolphins swim about.

I want to take pictures of whales as they dive in the water.

I want to see penguins waddle around on the freezing cold ice.

I want to follow seals as they swim in the water.

I'll sell my reports to people who run newspapers and television shows.

A reporter!

That's what I want to be.
